

Named after the iconic New Zealand bird, the Kiwi2 wheel is an excellent beginner wheel due to its ease of use, double treadle, affordable price and versatility.

The double treadle and ball bearings allow for easy treadling and “hands-free” start. Treadles are mounted on polyurethane hinges for a smooth, quiet and comfortable heel-toe action. The stretchy drive cord does not require any adjustment as you change ratios and always maintains the correct tension. The scotch tension allows easy control of the drafting process. The central flyer is convenient for right and left-handed spinners. The wheel is easy and quick to assemble with the Allen key supplied and the robust construction makes this an ideal wheel for individuals, schools and clubs. The wheel itself is made of MDF, a high-density durable wood product that can be painted or decorated.

The Ashford Book of Hand Spinning by Jo Reeve

This new book published in 2010 is by fibre artist Jo Reeve. Jo, the author of the very popular Ashford Book of Carding, has twenty-seven years of spinning experience and will show you how to spin from the beginning through to advanced techniques. Learn how to spin unique yarns using different techniques and fibres and make five easy projects using your handspun yarn. Full colour and step by step instructions will take you on a new journey of creativity. 116 pages.

Models

- Natural
- Lacquered finish

Specifications

Wheel diameter	45cm (17½ins)
Orifice	1cm (3/8in)
Bobbin capacity	130gm (4-5oz)
Ratios	5.5, 7.25
Weight	5.5kg (12lbs)
Timber	Silver Beech hardwood frame and solid MDF wheel
Ball bearings	

Included accessories

- Built-in lazy kate
- 3 x 90mm (3½in) bobbins
- Learn to spin booklet
